QUALITY AND RELIABILITY
ENSURES SUSTAINABILITY

TRACTORS4AFRICA.CO.ZA

Agricultural Solutions For Tomorrow Farmers

We believe that by utilizing reliable equipment it helps to reduce manual labor and speeds up processes such as planting, cultivating, and harvesting, allowing farmers to manage larger areas with less effort – **Increasing Efficiency** for a **High-Yield Harvest**.

INDEX

Ground Engaging Equipment

Planters

Fertilizer Spreaders-Boomsprays-Mixers

Field Equipment

Slashers

Drum Mowers

Rakes

Balers

Hammermills

Ground Engaging Equipment

Heavy Duty Graders

Available size:
1.8M - 2.1M - 2.4m

Rotovators & Tillers

Various Brands
Various sizes available

Heavy Duty Rippers

Available Sizes:
1 Tine
3 Tine
5 Tine

Ground Engaging Equipment

Cultivators

Available sizes:

9 Tine

11 Tine

Mini Round Baler

Available sizes:

1 Size available

Machio Round Balers

MONDIALE 120 Power Pickup
Baler

Machio Square Balers

MACHIO PITAGORA BALER

Bale dimensions in 14×18

14×18

Pick-up width in 58 65

Piston stroke count

Stroke/minute 93 93

PTO Hammermill

The 6116 is designed with 3 v-belts and nickel chrome steel shaft measuring 50 OD, the frame work is manufactured out of 4 mm steel. This makes for a very robust and powerful hammer mill.

Diesel & Electric Hammermill

- Screen sizes that vary from 0.8 mm up to 70 mm.
- Ideal for the production of “super maize meal”
- Can be used to mill grain, lucerne and grass types.

JF2D Hammermill Electric & Diesel

- Double function in one single equipment: chop green forage and grind grains;
- Higher durability and resistance
